School of English

SUMMER HOLIDAY CLUB 2026

www.nimbusenglish.com

About

At Nimbus School of English, we offer summer programme during the months of July and August for children aged 3 to 8, designed to combine learning and fun in a dynamic and educational environment. Each week, the children work on a different project, allowing them to develop their English skills in a natural and enjoyable way.

Guided by native teachers, the children engage in games, songs, and group activities that encourage creativity, socialisation, and teamwork.

Additionally, the focus on language development is complemented by a safe and welcoming environment, ensuring that every child feels motivated and supported throughout.

Our programme provides an enriching experience that keeps children engaged whilst learning English during their holidays, while they enjoy new experiences and making new friends.
